

Junior Orthosure

Junior Orthosure is Pro-Fit Technologies' insurance scheme that protects the under 16's orthotics against loss, wear and outgrowth for 2 years from date of purchase.

The nature of manufacture, using state of the art design software and machining technologies, means it is not recommended to have your orthotics manually adjusted because the electronic data that is indefinitely stored by us would become obsolete. Therefore our insurance covers you for a remake of your orthotics rather than adjustments.

The scheme will provide 1 remake of the polypropylene (other materials i.e. Acetyl, will incur a surcharge) shell (no top covers) of your Pro-Fit Technologies orthotics if any of the following occurs:

1. Accidental loss (within 2 years of date of issue)
2. The orthotics wear out within 2 years of date of issue (existing devices must be sent to Pro-Fit Technologies Ltd. For assessment).
3. Outgrowth – If you outgrow the devices within 2 years from date of issue.

This scheme does not provide cover for any Practitioners costs or any remakes requested due to a change in prescription (other than an increase in size due to outgrowth).

This policy will automatically expire upon first claim.

The fully inclusive price is £60.00

The cover must be taken out at the time of purchase of your Pro-Fit Technologies orthotics.

Thank for choosing 'Pro-Fit Technologies' custom made foot orthotics.

Please complete and return this slip together with payment to the address below we will then send you confirmation of cover:

Patient name: _____ Date of Birth: _____

Address: _____ Prescribing practitioner: _____
